

MEMO:

TO: Scott County Library Station Attendants

FROM: E.R. Haze, Librarian

SUBJWCT: Library open house, Sunday, May 1, 1:30 - 4:00 p.m.

This is the year of our fifth anniversary - we had our original open house on Sunday, April 30, 1950 - and we're celebrating it with another open house - to show off our new paint job - to acquaint the public with what is available to them in their library. We want you people to be sure to plan to attend as part of our staff. Spread the good word to the people of your communities, too, and see if you can't get a good representation of them over here. We're hoping, of course, for beautiful weather - like today, for example!

We're having anniversary booklets printed for the occasion which will include the highlights of our brief history and the latest statistical information on each station. The proofs looked mighty "perty" when they came the other day.

Coffee and cookies will be served. We'll be looking for you on Sunday afternoon, May 1.
